

## **ROAD SAFETY SHORT COURSE 2025/26**

The road safety short course of six weeks shall soon go operational in the Higher Institute of Transport and Logistics. The program was approved by the Economic Commission for Africa. The experts were trained by the University of Rome under the supervision of the Ministry of Transport and ECA. It is intended to attract professionals in the transportation sector; drivers, road safety agents, municipal actors and other interested individuals. A certificate shall be awarded at the end of the training.

Contact the institution through 676735154 for more details.
